

Course Unit: From Construction Waste to Sustainable Architecture

Reflection & Transfer Questions

Purpose and set-up: These questions shall help participants crystalize key takeaways from the concepts introduced in the course. The questionnaire can be used individually, or in groups of 2 to 4 peers. We recommend reading through the questionnaire once in silence, then discuss and answer the questions and take notes individually first, and then exchange with your peers.

Duration: About 20 to 45 minutes
